CAREER OBJECTIVE

Aspiring software developer with a solid foundation in C/C++, Java, and Python, complemented by hands-on experience in web technologies such as HTML, CSS, and JavaScript. Seeking to leverage my technical skills and passion for web development to contribute to innovative projects and drive technological advancements in a dynamic organization.

TECHNICAL SKILLS

Programming Languages : **C/C++, Java, Python**
Web Technologies : **HTML, CSS, JavaScript**
Office Tools : **Microsoft Word, Excel, PowerPoint**
Software Tools : **MATLAB, Embedded Systems, VLSI**

PROJECTS

Personal Portfolio Website

Apr 2024 – May 2024

- Developed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase professional projects and skills.
- Implemented interactive features such as a dynamic project gallery and contact form.
- Optimized website performance and SEO, resulting in a 20% increase in visitor engagement.
- Visit my personal portfolio : [Personal Portfolio](#)

ATM Interface using Java

Mar 2024 - Apr 2024

- Developed an ATM interface to simulate basic banking operations, including account balance inquiry, cash withdrawal, deposit, and fund transfer.
- Allowed users to check account balances, deposit funds, and withdraw cash.
